

*Joanna (Nonnie) Hood visited the center in 2007, and was pleased with what she saw. The following are excerpts from two letters she sent to our staff after her visit.*

“Fred and I were delighted to see the outstanding work you are doing for parents and families. We wish we were nearby to visit more often.”

“Thank you for a most informative tour where we realize how much you mean to your community.”

“It’s very easy to see the center is in good hands and I send my appreciation for all you are doing for families.”
